

COMMUNITY RESOURCES DIRECTORY

HINDS COUNTY HUMAN RESOURCE AGENCY
PROJECT HEAD START

**Helping Families,
Strengthening Communities**

Head Start and Early Head Start are comprehensive pre-school and pre-kindergarten programs, respectively, for children, their families and neighborhoods of low-income areas. Both programs are funded through the U.S. Department of Health and Human Services.

Head Start and Early Head Start in Hinds County serve 2,126 economically disadvantaged children in centers located in target areas of Jackson and Hinds County. Services provided for children enrolled in **Head Start and Early Head Start** include educational activities based on a planned curriculum. Other services include: medical care, dental care, a balanced diet for breakfast/lunch, social services for children/families and parent involvement.

The Community Resources Directory is compiled by the division of Family and Community Services. Crisis Committee members and staff persons will help refer Head Start families and community people through the process of securing needed services at the various agencies .

Parents of enrolled children are provided copies of the Community Resources Directory.

For specific or additional information concerning services of agencies listed in the directory, call the Family Services Worker or Assistant at the Head Start Center in your community. A list of the Head Start centers appears on page 12 of the directory.

Recommendations for changes or additions to the directory should be directed to the Director of Family and Community Services, Head Start, P.O. Box 22657, Jackson, MS 39225-2657.
